TECHNICAL SKILLS

- Prompt Engineering
- MS Word
- MS PowerPoint
- MS Excel
- Spreadsheet
- Visual Programming
- Power BI
- Minitab
- Video Editing

SKILLS

- Leadership
- Analytical skills
- Time Management
- Work under pressure
- Event Planning & Management
- Fast Learner
- Communication Skills
- Collaboration & Motivation Skills
- Problem Solving
- Critical Thinking

INTERESTS

- Supply Chain Analytics
- Demand Forecasting
- AI & Digital Transformation
- Project Management
- ERP SAP Consultant
- Sourcing & Procurement
- Warehousing
- Logistics Operations
- Maritime
- Volunteering

FINAL YEAR RESEARCH

Develop an AI Assisted Decision Support Tool for Supply Chain and Logistics Planning

- Developed a web-based AI-driven decision support tool for logistics planning using API integration and a user-friendly dashboard.
- Applied Ranil's 10 Lenses framework to deliver structured, multi-perspective analysis for complex supply chain decisions.
- Transformed logistics data into actionable insights to support efficient and informed operational decision-making.

Tool Link: 10 lenses Decision Support Tool

PROJECT EXPERIENCE

Capstone Project - Smart IoT Based Car Parking Solution for Shopping Malls.

- Developed an IoT enabled smart parking system with real-time slot occupancy detection and internal navigation to improve parking flow and reduce congestion
- Developed a dynamic pricing system, digital ticketing, and loyalty app solution to optimize space utilization and enhance user experience
